

Special Love's "Circus Night" is a family affair for Elle!

## 30 Years & 30 Heroes

Hero # 2 of 30

**Elle** is always in the pink—it's her favorite color! She's also always in the spotlight, as numerous other people and groups consider her *their* hero, too. She started her adventures at Camp Fantastic in 2010 and her siblings, Brian\*, Sydney\*, and Halle get in on the action with BRASS Camp, where *they* get to be heroes. (*\*Elle, Brian, and Sydney are triplets!*) **Elle's entire family enjoyed "Circus Night,"** our annual outing at the Verizon Center hosted by the Recreation & Welfare Association. Elle has been fighting a brain tumor since 2007 and she's one of many campers who have gotten one-on-one attention from counselors and med staff at Camp Fantastic. Thanks to our partnership with the National Cancer Institute, we can host children that even most other oncology camps would have to turn away. Brian, Sydney, and Halle get equally special care at camp and their mom says, **"Thank you to Special Love and the volunteers for all that you do. My kids have a great time — I can't wait to hear their stories."**
